

## STEVENS AUDITION MATERIAL

STEVENS (early 40's, - she/they) Stevens is the resident survival consultant for this season of Last Man Standing. Stevens grew up in New Zealand and speaks with a thick accent. They spent most of their life being in the wilderness and teaching themselves survival skills. They have an IQ of 145 and know a ton of information about nature and all the elements inside of it. Stevens is definitely in her element on the island and for the first time in a while really let's themselves have fun.

## STEVENS AUDITION SCENE 1)

STEVENS

So what does Jeffrey want from us exactly?

DONAVAN

Better footage. Stuff we can actually air.

STEVENS

Well that's on you two.

DONAVAN

We're a *team*. It's on all of us.

STEVENS

Well, let's see.

She points to Donavan.

STEVENS

Director.

She points to Noah.

STEVENS

Camera nerd.

She points at herself.

STEVENS

Survival consultant. I'm not exactly qualified for what makes "good TV".

Donavan let's out a deep sigh.

DONAVAN

Well you'd better start coming up  
with some ideas.

Beat.

STEVENS

Hey, what about the kid?

**STEVENS AUDITION SCENE 2)**

DONAVAN

No I'm serious Stevens, you're a damn genius.

NOAH

God, kiss ass much?

STEVENS

She's technically right though, my IQ is 145. I'm literally a genius.

NOAH

And I am literally so bored of both of you.

DONAVAN

Ignoring you Noah. How much longer till they hit water Stevens?

STEVENS

Pretty soon actually. If they keep going straight they should find water in about 20 minutes. Their next problem is gonna be finding food. Their fishing adventures have been...quite pathetic.

DONAVAN

No worries, production took care of that.

STEVENS

How so?

NOAH

You'll see.

DONAVAN

The team dropped a small herd of boar on the island before we got here.

NOAH

Donavan!

STEVENS

Oh right. The pigs right?

DONOVAN

Uh, yeah the pigs or boar or whatever.

STEVENS

Wait, pigs OR boar?

DONAVAN

Boar, pigs, what's the difference?

STEVENS

Well...one is fairly intelligent barn animal that won't get in much more trouble than digging through garbage and is therefore the animal I suggested. The other can be an extremely territorial and sometimes violent animal that can weigh up to 220 pounds...

DONAVAN

Please say that boar are the former...

STEVENS

Uhm...for the sake of my job I wish I could but...no.

NOAH

Well, this should be fun.

\*

STEVENS

What was Jeffrey thinking? We had a meeting about this!

NOAH

Guess he got a little...BOAR-ED.

DONAVAN

Noah...please, not now.

NOAH

No one appreciates my humor.

STEVENS

No, we do not.

DONAVAN

So they are territorial but they aren't gonna like...kill them right?

STEVENS

Let's just hope that they don't run  
into the herd for a while.

NOAH

Yeah! Who knows? It's been a  
*perfect* trip so far. Maybe we'll  
get lucky.
